**Dear Applicant:**

As the State of Florida’s leading exam preparatory school, we can provide you with everything you will need to obtain your State license. Since 1971 we have helped thousands upon thousands of contractors realize their dreams of independence, and we have no doubt we can set you on the same road to success. In fact, we can almost guarantee it because we make it our business to see that you are successful.

The program of preparation is divided into 2 phases, home study material and classes which are conducted before all state examinations. It is important that all candidates complete the home study phase and attend the 3-day seminar (listed on following page). It is at these seminars that new information relative to the examination and any items not covered in the DVD’s will be discussed.

THE COMPLETE COURSE INCLUDES THE FOLLOWING	
<p style="text-align: center;"><b>Part I (Day 1) Business &amp; Financial Administration</b></p> <ol style="list-style-type: none"> <li><b>A 4 hour *DVD</b> covering the solutions to 43 typical accounting questions pertaining to the “Builder’s Guide to Accounting” and 39 typical financial test questions pertaining to income statements, balance sheets, account receivable and payable, net worth, etc.</li> <li><b>Updated study guide</b> containing test questions and answers, highlighting information.</li> <li><b>Set of custom tabs</b> for your books.</li> <li><b>A two-(2) day review seminar</b> covering test questions, given in <b>Miami, Kissimmee &amp; West Palm Beach.</b></li> </ol> <p><small>NOTE: This DVD is equivalent to attending 2 days of classroom instruction.</small></p>	<p style="text-align: center;"><b>Part II &amp; III (Day 2) Contract Administration &amp; Project Management</b></p> <ol style="list-style-type: none"> <li><b>3 DVD’s* (22 hours of instruction)</b> with workbook containing: Formulas Calculations &amp; Constructions Math Review, Sample Math Problems, AIA Documents, Walkers, OSHA, Florida Building Code, Principles &amp; Practices of Commercial Construction &amp; CRSI Placing Reinforcing Bars, Critical Path Method Sample Problems and Plans Take-Off Problems.</li> <li><b>An updated study guide</b> containing test questions and highlighting information.</li> <li><b>Set of custom tabs</b> for your books.</li> <li><b>A (1) day review seminar</b> covering test questions, given in <b>Miami, Kissimmee &amp; West Palm Beach.</b></li> </ol> <p><small>NOTE: These DVD’s are equivalent to attending 5 days of classroom instruction.</small></p>
