Anthony,

Just wanted to let you know that I passed the exam!!!! I got a 90 on the business and finance portion and 92 on the trade. Your method of going through the books was extremely helpful in that I knew where to look for the answers. I was done with both sessions in about 2 hours. BTW, there ere no questions on the five or so items that had changed from my old Contractor's Manual to the new version. Thanks for your help.

Jan Brussel
