first.*

Contractors Exam School  
2424 North Congress Avenue  
West Palm Beach, Fl

To Whom It May Concern:

I currently hold two (2) state contractor licenses, Class A Air Conditioning and Plumbing. Both were obtained through the help of Contractors Exam School.

Prior to that help, I took the long route of learning the material needed to pass the exams - that being "other schools"

I strongly recommend the only school that knows what to teach:  
CONTRACTORS EXAM SCHOOL!

Thank you for the right approach.

U. S. AIR MECHANICAL SYSTEMS, INC.
